“ *Drammy taught me piano, sewing, baking, and so much more. She always entertained us by doing tricks with Gretchen, singing and playing piano, and ALWAYS gave me a flower after church. She was a great cook who never forgot the crescent rolls! She collected clowns, Shirley Temples, and Norman Rockwells. I will carry on her tradition of hand-writing thank you cards for every little thing and maybe even putting an orange in everyone's Christmas stocking. When I draw and paint I will remember her. I'm so glad she achieved 90 years old status, and the extra year was a bonus for anyone who was lucky enough to share time on earth with her! I will miss her exclamations "Oh gads!" and will always remember to "Be good!" Until we meet again, Drammy.*

“ *Joyce was a "grandmother" to my son and a mother to me. I remember her standing at her kitchen stove for hours making Swedish pancakes for all of us. She was a remarkable woman and a devoted mother to her family. Her laugh was contagious. My son and I are heartbroken. May the choir of angels take you to heaven and may you find eternal peace. To all the family, we send our sympathy and love. Ginny and Michael.*

“ *Joyce was a very special person. She could light up a room with her smile and twinkle in her eye. I loved laughing with Joyce. She found the beauty in others, loved the beauty of flowers and created beautiful things. She brought joy to many people throughout her life. My thoughts and prayers are with all of Joyce's loved ones. May you all find solace in the memories of the life she lived.*

“ Aunt Joyce - you always exhibited a great amount of concern for me and my siblings, acting as a second mother, and I want you to know how much we appreciated that and will miss you. We will take comfort in the fact that you are once again reunited with Mom and the rest of the family that has gone before us.

Rest in peace.

Your nephew,

Joe
