“ Dear family of June Bug,  
I was devastated to read in the newspaper of June's passing. I am a former nursing classmate & I loved her dearly.  
She was such a good & big hearted person all her life. She loved everyone & they loved her.  
While in nurse's training, we had many, many good times together. How we would laugh & chide each other about the comical things we did. All of us.  
I'll always remember while we were working at Allentown State Hosp. June decided to put together a stage show with many singing & dancing performances (by her fellow classmates) as entertainment for the hosp. residents. They were thrilled. She didn't have to do this. But she wanted to. She cared. That was June Bug.  
I'll always keep her in my heart & remember her as one of the nicest persons I've ever had the good fortune to know.

“ Sarah and Chris So sorry to read about your mother's passing. I enjoyed many good times working with her at Votech. It was funny but on Jan 27, Bud Rall the baker, invited a few people out for a drink since Friday was going to be his last day. Some of the "old" or should I say original instructors asked about her and many stories were told of the good times. I will let them know about mon. She was a very kind and gentle person.
