“ I’m so sad to hear about Diane. I haven’t seen her since high school, but we started together in first grade at Elberon School. She lived on Royal Place. I remember it well. I always liked her. I can still look at her photo from our sixth grade class. Please accept my condolences. - Keith Rand

“ *My memories of Diane are happy and filled with laughter. Diane has been a part of the family all my life and I credit her with exposing me to some of the greatest music ever made. We always had so much fun talking about music, life and dancing. Always dancing! Honestly, Diane is the only person who could ever keep up with me on the dance floor...or maybe that was the other way around. Maybe it was because we were birthday twins!*

Howie, I am thinking about you every day. This has been a shock to all of us. I find moments where her loss hits me hard and I tear up but then I smile because I remember something funny that Diane did and it reminds me to appreciate the good times. That's what gets us through the hard times. I am so grateful that my last visit in New Jersey was so much fun and we laughed non-stop. I think it may have been the most laughing two women could have had in one evening.

Howie, you are not alone. We are all here for you and we support you. You are family. Diane is loved. You are loved.

“ *Diane will surely be missed, I will always remember her love of music and the good conversations we had. I will also always remember the trip we all took to Disney World and how much fun we had. Nothing will ever top the great time we had at our wedding.*

Howie, I know I can't make your pain go away, but I want you to know I'm here with a shoulder, an ear or anything else you need.

We are so sorry for your loss, our hearts are heavy and you are in our prayers.

“ *We met Diane in 1982 when our best friend Howie was dating her. We had many good times together and we really had the best time on our cruise to the Bahamas in 2000. Diane will surely be missed but NEVER forgotten. RIP good friend.*
