Thank you for everything Uncle Ed! Even though i was a thousand miles away, you always reached out to me and my brother... Your actions showed me how to be a better man. I know you are with my pops now, give him a hug for me.... I'll see you both again someday, until then, save my seat.

I went to NCE with Ed and endured many of the same classes and professors with him. We lost touch with each other after my family started to grow. Fortunately, Ed located me on an L3 Communications employee listing a few years ago and we were able to reconnect. Ed was easy going and a pleasure to be with. I enjoyed the luncheons with him and Tom Brincka these past few years very much. He will be missed.

“ *I worked with Ed at Fort Monmouth in 1974. He was a senior engineer and the Army expert in Unit Level Switchboards. He was always there to help and was a good friend, He later moved on to bigger and better things but he always greeted you with a friendly smile and was willing to help anyway he could. He will be missed.*
