Being a Nurse means
You will never be bored
You will always be frustrated
You will be surrounded by challenges
So much to do and so little time.

You will carry immense responsibility
And very little authority.

You will step into peoples lives
And you will make a difference
Some will bless you
Some will curse you.

You will see people at their worst
and at their best
You will never cease to be amazed
at people's capacity for
love, courage and endurance.

You will see life begin-----and end
You will experience triumphs
and devastating failures.

You will cry a lot
You will laugh a lot
You will know what it is to be human
And to be humane.
