“ Dear John and family. I just received word on Larry's passing. We want to pass our condolences to you and the family. Over the years after Alfreda and my Dad died, Larry shared his companionship with Mom for may years. It made such a difference in her life. I always looked forward to visiting and sharing time with Larry and when we left, felt reassured that she had the emotional support that she needed. I will always remember the lively conversations over dinner and the love of oysters that we shared. Most of all I remember his sense of humor and laugh. He will be in our prayers.
