“ My beautiful Auntie Marilyn, I'm gonna miss you ,you would refer me as your daughter you never had that lives in Virginia ., yes somebody in Virginia loves you,drinking out of your coffee mug every morning that I got you.You were my second mom. We would take trips to Woodbridge mall and one time we both got our ears pierced. for the eighth grade dance. You were always there for me..

I will miss our calls every Saturday morning at 8:30. You would always wait for me to call before you left for the day never liked to stay in your apartment.And when you went out you would make sure everything matches down to your purse. Hair had to be perfect too.You enjoyed playing Rummy cube with your friends. Oh and you're beautiful doilies how I wish I had them all. They were so perfect just like you and if they weren't, you would take them all apart and start all over again they had to be just right before you gifted them to special friends. You never wanted to call anyone cause you always felt like you were bothering someone.

You were the most independent strong beautiful person i'll ever know I can only hope that I can be as strong as you were. You knew how to text ,send pictures and make calls on your cell phone up until the very end.

You will always be my

Guardian Angel, you'll always have a special place in my heart.

It comforts me to know that you are at peace in heaven with Mom, your brother, your husband, and your mom.

Until we meet again.

Love you,

Lisa
