“ *I'll always remember when we were both service engineers @ Midland Ross (Somerset Technologies). We worked from home except when we traveled on service calls, we would go fishing. I would meet him at his home (SOMETIMES I HAD TO WAKE HIM UP!!!) where a pot of coffee would be waiting. We would fill a thermos, pack our lunch and leave for the boat. We would fish all day and listen to the radio, our favorite song being "Don't Rock the Boat". We NEVER fished past 4:30 PM or weekends because we were not getting paid for it. You see we got paid to sit home and wait for a call to go on another job. Those were the days!!*

I will miss you my friend! Rest in peace!
