“ I met Steve about twenty five years ago. I will always fondly remember his love of music, and so many of us asking him to turn it down. We went to concerts and festivals together, weddings and baby showers and countless dinners and incredible days spent on the beach together. Steve was an amazing cook. I think he was one of those people that you could give three ingredients and he could make a gourmet meal for you. I knew very well that Steve loved me. He said it every time we were together, but that was not necessary, he constantly showed the love to me and all the others around him. Life will go on but there will always be a void and that place will always be held for Steve. Love always❤️

“ I knew Steven as MSgt Rivera. He was my JROTC instructor during my junior year of high school in 2016. Having a similar background, I always looked up to him as a mentor and role model. I'm grateful for the memories and wisdom he shared with me, and his influence played a part in my decision to join the USAF. The impact he had on others will continue far beyond today, and I know his memory will live on through the many lives he helped shape. Sending love and prayers to his family and loved ones.

“ Deepest condolences to the Rivera Family. I worked with Steve at East Orange Campus High School for many years. He was a fine educator and was our ROTC coordinator. We worked closely on the testing team and Steve always showed professionalism in all that he did. He was a great role model and inspiration to our program and our school. His students looked up to him and he was a great leader for this group of students. We spent countless hours talking about music, Atlantic City and his children. We had a great bond and respect for each other. I will miss him and know he is with God at peace. Always remembered and always respected. 🇺🇸 🙏 🙏 💙 💙
