“ One of my most recent memories was when my Mom, my two brothers, one of my sisters-in-law, and I drove out to New Jersey to celebrate Uncle Walter's 90th Birthday! There are two memories from this trip. The first memory is of all the meals cousin Joyce cooked for us while we were there, Thank you Joyce! My favorite memory is the day Uncle Walter took us to a nearby race track and tried to explain how to read the racing form and how to bet on the horses! We were such amateurs, but we had a great time!

One of my memories from when we were younger is when Uncle Walter and Aunt Shirley would come to South Bend. Uncle Walter loved to go the Notre Dame football games. But also while he was here he loved going to Bonnie Doon's, (a local ice cream parlor/restaurant), and insisting that we all get BIG Banana Splits, (he always emphasized the word BIG)!

I have a lot of good memories of my Uncle and will miss him. Love and prayers to my cousins Joyce and Kevin and their families.

“ I remember one of the times Uncle Walter, Aunt Shirley, Joyce, and Kevin drove to South Bend to visit. The cousins sure teased Kevin a lot. We had him go down to our basement and stand under the laundry chute. The Biernacki cousins were up in the bathroom and when Kevin was under it, they poured water down on his face. He was not a happy camper and wanted to go home. Uncle Walter just laughed and said he had to toughen up. Then other great memory was playing Button, Button, Who has the Button. The Retek and Biernacki cousins managed to convince Uncle Walter to play. Everyone (except the person who had to find the button and person hiding the button) sat around the room and had their hands in prayer form in front of them. The person with the button (whose hands were in prayer form, too) had to go around and pretend that he was putting the button in the hands before he decided who really got it and slip it into their hand. Then the person who had to find it was given one chance to say who he thought had it. If the person didn't guess who had the button, he had to try to guess again the next round and so on until he finally found it. The person who had the button then had to go around and hide the button in someone's hand. Uncle Walter hated that game and was not good at it. He never could find the button and made no bones about this was the dumbest game he had ever played. He was a great sport though and would play with us even though none of the other adults would play. He had a great sense of humor and the nieces and nephews always had a great time whenever he visited.

“ Walter was very warm and friendly to me when I joined the Marine Corps League. We will miss him-my condolences to his family. Due to the virus and my medical issues, I will not attend the wake but I will be thinking of him at that time.
