“ We are so saddened by the passing of our dear Walter. We have so many fond memories that we have shared with Angie & Walter. We will always remember the warmth & hospitality that they showed all of us every 4th of July that we spent at their home & Walter's excitement in making us happy & comfortable while watching the fireworks.

My children & nephew Vincent will never forget the pride & enjoyment he took in showing them his woodwork & beautiful ships that he built as I do from when I was growing up with my father by my side. He too was so impressed by Walter.

Gary especially enjoyed Walter's magic shows that we all loved. There are so many other wonderful memories that we will never forget.

Our Love & Prayers are with you always

“ *Walter always lit up a room with his smile and good cheer. He had a way of making things magical, even when he was not performing his many magic tricks. I will never forget the wonder and amazement as I watched Walter create these other-worldly sized bubbles at the infamous Lechner 4th of July parties in New Providence. Most of all, I will never forget his loving and kind nature. It was a privilege to know him, and an honor to call him Uncle Walter.*
